

Great products don't just win
the hearts of consumers.
They win over design juries too.

Presenting the winners of the prestigious India Design Mark award.

The modern home and office are very dynamic environments.

Constant changes in technology, social and personal habits as well as cultural tastes have a deep impact on our everyday lives.

As environments change, the solutions within them have to evolve too.

At Godrej Locks & Architectural Fittings and Systems, we take pride in providing product solutions that are cutting-edge in innovation, quality and design.

Our products, backed by deep research, provide the finest answers to the dynamic needs of the modern home and office.

And it is indeed satisfying when design juries agree.

India Design Mark, the prestigious product design award, celebrates the very best in Indian product design every year. For years, our products have been picking up trophies at this top design industry award.

Here are the products that have won the India Design Mark in the past years. We hope you enjoy reading about these products as much as we enjoy making them.

PADLOCKS

The Godrej padlock has been the symbol of home safety in India for over a century. This iconic status is constantly renewed through technological innovations and a design sensibility that have made these locks the favourites both on Indian home doors and for award juries.

Nav-Tal Ultra XL⁺

This classic continues to be the cutting-edge in padlock technology. Ultra-strong for ultra-protection, this padlock comes with 3-ton break load capacity, the Ultra XL⁺ technology with 10 crore key combinations to prevent key duplication, a reversible key and a double point locking shackle for double protection.

Herculoc Plus

The Herculoc Plus is simply the strongest padlock in India, with its boron hardened shackle enabling superior hacksaw-resistance. It is made to withstand up to 5 tons of shackle pull load. It has a solid brass body, for enhanced strength. While its 3KS technology, with 30 lac crore key combinations, prevents key duplication.

Imara

Made from hardened steel, the versatile Imara padlock is ideal protection for shops, factories and homes. Resistant to hacksaws, the lock comes with a self-locking shackle and double-locking mechanism. Its body is also rust and corrosion resistant.

MyLock Candy

Available in bright, vibrant colours, the eye-catching MyLock Candy lock is a true design innovation. It is ideal for small locking needs, such as on luggage, cycles, computers, among other applications. Its rust-resistant components ensure smooth operation for years. The shackle has a self-lock mechanism when pressed. Its key can only be removed in a locked condition, thus ensuring secure locking.

DuraLock Ultra XL⁺

Specially designed to protect the shutters of shops, this lock's unique construction makes it crowbar resistant. It comes with the advanced Ultra XL⁺ technology, with 10 crore key combinations that prevent key duplication. The colour button on the keys helps to differentiate the key of one user from the key of another. The bigger keyhead also provides better grip, making it very easy to operate the lock.

MORTISE AND PULL HANDLES

Blending design, materials and engineering perfectly, our range of mortise and pull handles are favourites of customers and, yes, design juries too.

Spacetek Pro

The Spacetek Pro is at the very cutting-edge in home safety technology. This advanced digital safety solution has been indigenously designed and created by Godrej Locks. A comprehensive keyless safety solution for your home and office, the Spacetek Pro's dynamic functions include 360-degree fingerprint registration, password access mode, a spycode function, break-in damage alarm and

Blade

Meticulously crafted by our in-house design experts, the Blade mortise handle adds a delicate beauty to any door it graces. Flaunting a screwless appearance, Blade comes with a glossy, best-in-class finish that ensures long-lasting elegance.

Caress

Designed by our in-house experts, the Caress mortise handle is a sensory delight. Its smooth, flowing lines are easy on the eye, while its glossy, best-in-class finish is a pleasure to touch. This finish also ensures good looks that last.

Twist

The Twist mortise handle brings a dazzling yet gentle elegance to your doors. Sporting sharp lines and contours, Twist comes with a glossy, long-lasting, best-in-class finish.

Chris

The geometric, fluid design sensibility of the Chris handle makes an immediate aesthetic impression. It boasts of a glossy, best-in-class finish that is as durable as it is elegant.

Ave

The Ave mortise handle is a design award-winner and one look at it can explain why. Playing with smooth, sensuous surfaces and rich colour shades, it comes with a glossy and very durable finish.

Capsule

This mortise handle gets its name from its distinct, capsule shape. With its glossy, best-in-class PVD finish, Capsule's contemporary design language adds class to any door environment.

Wave

The smooth, flowing shape of this mortise handle suggests the gentle rhythms of sea waves. It comes with a glossy, best-in-class PVD finish and a modern aesthetic to add to a door's beauty quotient.

Tibo

This delicately crafted pull handle brings an elegant visual drama to your front door. The high-grade zinc alloy makes it corrosion-resistant and durable.

Theo

The Theo pull handle lets your main door make a dramatic visual statement. Along with its good looks, the handle also scores high on corrosion-resistance and durability, thanks to its high-grade zinc alloy.

Corner Fetch

The Corner Fetch series of pull handles have been specially designed to be sleek companion pieces to rim locks. These handles add a distinct visual flair to a home's decor.

NEH 16

This sleek, minimalist door handle set boosts the visual appeal of the main door as well as internal doors of homes and offices. The set gets its extra-strength from the double throw deadbolt made of mazak steel. The universal backset also enables easy retrofitting.

Aero

This exquisite mortise handle is part of the Autumn Winter collection from Amando. Sleek and stunning in equal measure, this handle is designed to raise your home's aesthetics.

Quell

Part of the Autumn Winter collection from Amando, this attractive mortise handle knows how to subtly enhance the beauty of your home decor.

Luna

A star of the Autumn Winter collection from Amando, this mortise handle is grace, modern aesthetics and inspired design all coming together in one eye-catching form.

Drift

This stand-out mortise handle is part of the Autumn Winter collection from Amando. Contemporary lines and contours give the handle its quite unique visual definition.

Cameo

Part of the Spring Summer collection from Amando, this mortise handle has the habit of surprising you with its good looks every single time.

Remo

The Spring Summer collection from Amando brings this exquisite mortise handle design that delicately balances old school beauty with a dash of contemporary flair.

RIM LOCKS

Along with providing cutting-edge safety, our rim locks also boast a sleek design sensibility and innovation that consistently win accolades from design juries.

Pentabolt Aries

The most advanced mechanical lock, the Pentabolt Aries comes with enhanced safety features: its state-of-the-art EVVA 3KS technology means a non-duplicable key with 30 lac crore combinations; superior strength with a heavy-duty body, bolstered by its 5 bolt technology. The elegant combination of safety and good looks makes it just the right lock for the evolved home experience.

Tribolt Ultra XL⁺

This elegant and high-quality rim lock is fortified with three strong bolts to protect your home and office. Durable, strong and corrosion resistant, this lock is created for long-lasting safety. Its dedicated aldrop bolt provides privacy as well as added security. The advanced Ultra XL⁺ technology comes with 10 crore key combinations, thus reducing the risk of key duplication.

Twinbolt Ultra XL⁺

Chic and tough in equal measure, this durable rim lock possesses two strong bolts to provide extra safety for your home. Its deadbolt has a double throw functionality for added security. The advanced Ultra XL⁺ technology comes with 10 crore key combinations, thus reducing the risk of key duplication.

Deadbolt Ultra XL⁺

This rim lock boosts both your home's safety as well as the door's visual appeal. The strong 2.1cm (21mm) bolt ensures safety from burglar attacks. Its deadbolt has a double throw functionality for added security. The advanced Ultra XL⁺ technology comes with 10 crore key combinations, thus reducing the risk of key duplication.

KITCHEN FITTINGS

Through innovative designs and intelligent engineering, Godrej kitchen fittings and storage solutions deliver extra space for the modern Indian kitchen. With Godrej, the typically cramped, untidy Indian kitchen is transformed into a smart, elegant, productivity-boosting and effortless arena, with space to store a lot more.

SKIDO Plain Basket

SKIDO brings design intelligence to kitchen baskets. Inspired by our patented design and bolstered by special stainless steel plus (SS+) material strength, our SKIDO drawers are a storage innovation that deliver strength, durability and flexibility for your kitchen.

SKIDO Cutlery Organiser

The SKIDO Cutlery Organiser ensures your cutlery is neatly placed and accessible. The adjustable partitions let you customise the arrangement.

SKIDO Cup and Saucer Organiser

The SKIDO Cup and Saucer Organiser creates extra space to organise mugs, soup bowls, tea/sugar containers. The extra easy-to-carry tray utilises vertical space, doubling cup storage capacity.

SKIDO Jars and Bottles Organiser

The SKIDO Jars and Bottles Organiser neatly arranges a variety of masala bottles, oil jars, etc. The three, easy-to-carry trays can be picked up near the stove while adding masalas, tadka and others to cooking.

SKIDO Thali Organiser

The SKIDO Thali Organiser brings neatness to thali storage. The small, adjustable tab-like component press-fits into the wire basket. The design stops thalis from rolling and rattling.

SKIDO Fry Pan Organiser

The SKIDO Fry Pan Organiser has a uniquely-designed component that holds the pans in place by their handles and makes removing pans easy. The vertical placement creates more storage space.

SKIDO Kadhai & Wok Organiser

The SKIDO Kadhai & Wok Organiser creates efficient space utilisation, for all wok sizes. It enables easy access of your kadhais and minimises the rattling noise.

SKIDO Container Organiser

The SKIDO Container Organiser has special sliding flaps that let you choose an arrangement to store tin and steel containers.

FURNITURE LOCKS

Elegantly designed, reliable and durable, the Furniture Lock range brings the much-needed safety dimension to your home or office furniture. Enhanced by immaculate engineering, these locks provide essential safety for your critical documents, jewellery and other valuables.

Super Nova

This attractive wardrobe locking solution lends a premium look to your wardrobe. While its Multi-row technology provides enhanced protection for your valuables.

Centre Shutter Lock

The Centre Shutter Lock is both: the most high-tech safety solution for shutters and an elegant piece of design. The new receptacle design ensures superior grounding for enhanced safety and crowbar-resistance. Its advanced functionality comes from its reversible key, the durable all-brass cylinder and its smooth cam-driven mechanism.

FOR A SAFER, SMARTER LIVING EXPERIENCE.
