BEST-IN-CLASS SERVICE

RATED NO. 1 IN SERVICE - 2 YEARS IN A ROW

Godrej Appliances is known to deliver best-in-class after-sales service, under the SmartCare service brand. The same has been recognised in independent, large-scale consumer surveys as well. This is testimony to the brand's endeavour to offer delightful consumer experience throughout the product's life.

AFTER-SALES SERVICE*

A pan-India presence, with over 680 service centres and 4500 SmartBuddy technicians, Godrej Appliances has one of the widest service and spare parts network.

SERVICE AT YOUR CALL

To provide our customers a hassle-free service, our customer support connect centre remains open 24x7, can provide service in 14 languages and to offer maximum convenience, our service visits are offered up to 9PM and on Sundays as well*.

GODREJ SMART MOBILE VANS

In our endeavour towards 1st time right service, Godrej Appliances also offers over 175 Smart Mobile Service Vans. It helps us to deliver a faster after-sales service. This mobile van is equipped with spare parts and generators, and offers services like repairing, routine maintenance, installation, product demonstration and much more.

COMPLETE SATISFACTION NUMBER

Godrej is the pioneer behind launching CSN (Complete Satisfaction Number) which enables the customer to rate the service offered, through a unique number. This continuous feedback medium helps us to keep improving our service and delighting our customers.

DISHA (GODREJ VOCATIONAL TRAINING SCHOOLS)

Disha, the Godrej Vocational Training School, was founded with the objective of imparting technical training to urban and rural youth, increasing the pool of trained service technicians and providing them with employment. Here, one can learn refrigerator, washing machine and air-conditioning servicing skills. This initiative not only helps us serve our customers better, but it is also Godrej's way of giving back to the society.

DID YOU KNOW?

Getting critical parts like compressors and fan motors fixed by a local technician could dramatically reduce the life of the appliance.

Without proper maintenance, your annual electricity bill could go up significantly. In addition, costs will have to be incurred towards maintaining the appliance.

Beware of spurious service centres and always use company authorised service centres.
